

July 5, 2022

Greetings Fellow Eventers,

Thank you for your wonderful support of The Horse Park at Woodside. You certainly have made clear that you stand ready to assist us in our mutual goal of sustaining a thriving Eventing sport in Area VI.

The Board and management of the Horse Park remain committed to providing high level Eventing competitions of the highest quality. While every effort was made to hold our August competition, unfortunately it was not feasible. We share your disappointment at the loss of this year's August event.

We have decided to apply our resources and efforts to producing a successful National Horse Trials (I-Intro) competition on October 6-9. We await the USEA's and USEF's decision whether to grant us a license to do so or not. We are actively working on this and will keep you updated. We appreciate your dedication to the Horse Park.

Your Horse Park at Woodside Management, Staff, and Board

Steve Roon  
Executive Director

Eileen Morgenthaler  
Board President
